

CHAPTER 5. ATTENDANCE RULES

5.1 ATTENDANCE POLICY

In several academic studies a strong correlation between attendance in classes and the performance of the student has been found. Therefore, students are expected to maintain full attendance in all courses. However, students may involuntarily have to miss classes due to illness or some family emergency; students are permitted to maintain a minimum attendance of 85% without producing any proof or reason for the absence. In case of medical exigencies, the student/parent should inform the Head of the Department immediately by official email (@kluniversity.in email address). Within a week, starting from the day of absence, the proof of medical exigency must be submitted to the Department's office.

Absence without the consent of the HoD will be treated as un-authorized absence and will be considered as part of the discretionary 15% for fulfilling the minimum 85% attendance requirement for appearing in the examination. Students taking leave with the consent of the HoD may be allowed an additional 10% absenteeism and (i.e. maintaining a minimum of 75% attendance in each course) and will be permitted to write the Sem-In Examination(s) / Semester-End Examination subject to approval from the Dean Academics.

The Dean Academics office will incorporate OD leaves, medical leaves and any type of leave in the calculation of 75% attendance. Names of all students whose attendance is below 75% will be sent to Dean's office for final decision.

ATTENDANCE ELIGIBILITY CRITERIA FOR	PERIOD OF CALCULATION OF ABSENCE	MINIMUM PERCENTAGE OF ATTENDANCE REQUIRED	MINIMUM PERCENTAGE OF ATTENDANCE REQUIRED WITH THE CONSENT OF HoD
Sem-In Exam-I	From 1st Instruction day to 2 days before the start of Sem-In Exam-I exams	85%	75%
Sem-In Exam-II	From 1st Instruction day to 2 days before the start of Sem-In Exam-II exams	85%	75%
Sem-End Exam (Theory & Lab separately)	From 1st Instruction day to the Last Date of Instruction (inclusive)	85%	75%

The HoD can give 10% waiver from 85% of attendance requirement based on proofs submitted by the student stating medical reasons. In case of attendance falling marginally below 75% due to reasons of critical importance or situation of emergency, the HoD/program chair may bring such cases, along with valid and adequate evidence, to the notice of the Dean Academics for relaxation from the minimum 75% condition stated above after going through case by case. The Dean Academic shall take the approval of the Vice Chancellor/Pro Vice Chancellor for any further relaxation in attendance that may be required.

List of students who are debarred from writing the exams in each course will be announced by the Dean Academics office one day before the commencement of Sem-In Exam and in case of Semester-End Examination on the next day following the last instructional day. The results of students who are debarred due to shortfall of attendance but took Sem-In Exam/Sem-End Exam (theory/lab) will be withheld until attendance issues are resolved.

5.2 ATTENDANCE MARKS

There are no specific marks attached to attendance as such, however, if the Course Coordinator of a course desires to award certain marks, for attendance in a course, s/he can do so based on following guidelines, which thereby must be clearly reflected in the respective course handouts which should duly be approved by Dean Academics.. For any course, not more than 5% marks can be allotted for attendance.

The distribution of marks for attendance is $[85,88] = 1$ mark, $(88, 91] = 2$ marks, $(91, 94] = 3$ marks, $(94, 97] = 4$ marks and $(97, 100] = 5$ marks, below 85%, even in case of condonation, "0" marks.

The marks, if allotted for attendance will have to be considered for all L-T-P-S components of a course cumulatively but not specifically for theory component for any course.

5.3 ATTENDANCE WAIVER

Students maintaining a $CGPA \geq 9.00$ and $SGPA \geq 9.00$ in the latest completed semester get a waiver for attendance in the following semester. Students who thus utilize an attendance waiver will be awarded the marks allocated for attendance based on their performance in an advanced assignment specified by the course coordinator (emerging topics related to the course). S/he can appear in all assessments and evaluation components without being marked ineligible due to attendance-based regulations.

5.4 ATTENDANCE CONDONATION FOR PARTICIPATION IN KLEF/ NATIONAL/ INTERNATIONAL EVENTS

Only those students nominated/sponsored by the KLEF to represent in various forums like seminars/conferences/workshops/competitions or taking part in co-curricular/ extra-curricular events will be given 'On Duty (OD)' credit provided the student applies in writing for such a leave in advance and obtain sanction from the Head of the Department (HoD) for academic related requests; or from the Dean Student Affairs for extra-curricular related requests. For participation in the KLEF's placement process the names of students will be forwarded by the placement cell in-charge to the respective Heads of the Departments.

Students participating in KLEF/National/International events like technical fests, workshops, conferences etc., will be condoned for 9 instructional days per semester. This condonation is not applicable for summer semester.

A sample calculation is given below:

If a course has 45 hours conducted in a semester and 3 hours out of these 45 hours are scheduled during the days of absence for the above specified reasons, the attendance percentage is calculated for this student with a total number of class conducted as 42 instead of 45.

5.5

5.5 ELIGIBILITY FOR APPEARING IN SEM-END EXAMINATION

A Student registered for a course is eligible to write the Semester-End Examination for that course unless found ineligible due to one or more of the following reasons:

- a. Shortfall of attendance
- b. Shortfall of marks in Sem-In Assessment & Evaluation
- c. Acts of indiscipline
- d. Withdrawal from a course

5.6 ABSENCE IN ASSESSMENT & EXAMINATION

If a student fails to take any Quiz (due to ill-health or any valid reason), no second chance will be given and zero marks will be awarded for that quiz. In cases of excused absence, the instructor may provide an opportunity to the student to reappear in quizzes or assignments or any other internal assessment criteria based on the approval from the Dean Academics on the basis of recommendations made by the concerned Head of the Department.

If a student fails to write any Sem-In Exam, the student will lose the apportioned weightage given to the Sem-In Exam. No make-up Sem-In Exam will be conducted and will be awarded zero marks for that Sem-In Examination.

CHAPTER 6. ASSESSMENT & EVALUATION PROCESS

The assessment in each theory subject consists of two Sem-In Exams (Sem-in Exam-I and Sem-In Exam -II), in-class quizzes/tutorials/home-assignments/Active Learning Methods (continues assessment), and the Semester-End Examination(SEE). The distribution of weightage for each assessment step is listed below. The distribution of internal marks in the table below is only a guideline. Instructors at their discretion may apportion some marks for attendance beyond 75%. In such cases, the marks shown for quizzes and assignments will be accordingly be adjusted. Students are advised to consult the course handout to get more detailed information on assessment.

- a. The Sem-In tests and the Semester-End Examinations will be conducted as per the Academic Calendar.
- b. As per the necessity, the Supplementary examinations will be conducted at the discretion of Dean Academics with the approval of the Vice-Chancellor.
- c. Students may have to take more than one examination in a day either during Sem-In exams, Semester-End Examinations /Supplementary examinations.

6.1 DETENTION POLICY

A student is marked as detained in a course based on the below guidelines.

- a. In any course, a student must maintain a minimum of 85% attendance (as per the attendance policy) and must secure a minimum of 50% marks in Semester-In Assessments & Examinations to be eligible for appearing in the Semester End Examination, failing to fulfill these conditions will deem such student to be detained in that course.
- b. However, special cases where the lack of attendance can be condoned can be referred in Section 5.1:
 - Up to a maximum of 10% of attendance on medical grounds, in which case the student must submit the medical certificate from any recognized medical practitioner.
 - Up to a maximum of 9 instructional days can be condoned if a student represents KLEF / State / Country in any Extra / Co-curricular activities. See attendance policy 5.1 and 5.4

6.2 SEMESTER-IN EVALUATION

The following guidelines are followed for the Semester-In evaluation.

- a. The process of evaluation is continuous throughout the semester.
- b. The maximum distribution of marks for Semester-In evaluation does not exceed 60% of aggregate marks of the course.
- c. The distribution of weightage for various evaluation components are decided and notified by the course coordinator through the course handout after approval by the Dean Academics, prior to the beginning of the semester.
- d. In order to maintain transparency in evaluation, answer scripts are shown to the students for verification, within one week of conduct of exam. If there is any discrepancy in evaluation, the student can request the course-coordinator to re-evaluate.
- e. The solution key and scheme of evaluation for all examinations are displayed by the Course-Coordinator in the appropriate web portal of the course, on the day of the conduct of examination.
- f. No correction is permitted once the course coordinator submits the marks/grades to the Dean Academics Office.
- g. In case the student is unable to appear for any evaluation component owing to hospitalization, participation in extra/ co-curricular activities representing KLEF/ state/ country; the Dean Academics can permit to conduct of re-examination for such students.
- h. A student shall not be eligible to write the Semester-In Examination if s/he does not put up 85% of attendance calculated up to 1 week before the commencement of the stipulated date of Semester-In Examination (unless any special excuse is granted by Dean Academics) and shall be treated as DETAINED and zero marks are awarded for the same.

6.3 SEMESTER END EXAMINATION

The following guidelines are followed for the Semester-In evaluation.

- The minimum weightage for Semester End Examination is 40% of the aggregate marks.
- The pattern and duration of such examination are decided and notified by the Course Coordinator through the Course handout, after approval from the Dean Academic.
- To maintain transparency in evaluation, answer scripts are shown to the students for verification. If there is any discrepancy in evaluation, the student can request the Controller of Examinations to re-evaluate.

6.3.1 EVALUATION FOR THEORY COURSES

The table below gives details about the evaluation components in courses which contain only the lecture components.

TYPE OF EVALUATION	MAX. MARKS FOR WHICH THE EVALUATION IS CONDUCTED	DURATION	WEIGHTAGE
Sem-In Exam-I	50 marks	refer course handout	refer course handout
Sem-In Exam -II	50 marks	refer course handout	refer course handout
Quizzes/ALM/Tutorial	Each quiz/ALM/ Tutorial will be conducted for a minimum of 10 marks	refer course handout	refer course handout
Assignment	In the form of a report, seminar, presentation, quiz, experiment, GD, etc. as defined in the course syllabus/ course plan	refer course handout	refer course handout
Sem-End Exam	100 marks	3 hours	Refer to the course handout

6.3.2 ASSESSMENT OF LABORATORY BASED COURSES

The continuous assessments in laboratory courses will be based on supervision of the students' work, their performance in viva-voce examinations and the quality of their work. The Sem-End Exam for the laboratory courses are conducted by a panel of examiners including experts from outside KLEF as approved by Dean Academics.

TYPE OF EVALUATION	EVALUATION COMPONENT	Marks	REMARKS	WEIGHTAGE OUT OF 100
Internal	Sem-In Lab Exam -1	30	Sem-In lab exam will have questions framed from the experiments conducted in the lab.	Refer to course Handout
	Sem-In Lab Exam -2	30	Sem-In lab exam will have questions framed from the experiments conducted in the lab.	
	Continuous Assessment	20 per Lab	Assessment includes marks for record, observation, execution of experiment and viva-voce	
	Mini Project	20	Project evaluation includes weekly reviews, project completion, process management	
External	Report	Refer course handout		50
	Lab Experiment	Refer course handout		
	Viva-voce	Refer course handout		
	External Review	Refer course handout		
	Paper publication	4 Bonus Marks	Based on National/ International publications in reputed/peer-reviewed journals	

NOTE: Check for specific courses or as specified by the Course Coordinator.

6.3.3 ASSESSMENT OF THEORY COURSES WITH EMBEDDED LABORATORY

The following table briefs the evaluation components of a theory course with embedded lab.

TYPE OF EVALUATION	EVALUATION COMPONENT	Marks	REMARKS	WEIGHTAGE OUT OF 100
Internal	Sem-In Exam-1	50	refer course handout	Refer to course Handout
	Sem-In Exam-1	50	refer course handout	
	Quizzes/ALM/Tutorial	Each quiz/ALM/Tutorial will be conducted for a minimum of 10 marks	refer course handout	
	Lab Continuous Assessment	20 per Lab	Assessment includes marks for record, observation, execution of experiment and viva-voce	
External	Lab Experiment	Refer course handout		Refer Course Handout
	Viva-Voce	Refer course handout		
	Semester End Exam	100		

6.3.4 ASSESSMENT OF PROJECT/RESEARCH-BASED SUBJECTS

All project or research-based subjects must have a defined time-limit for completion. The specific time limits for completion and schedule for monitoring and evaluation of performance of students will be announced by the school each term. The final project report will be evaluated by a panel of examiners including external experts. Student project reports must be as prescribed by the office of Dean Academics. Students conducting their projects outside the campus can participate in project reviews through an online video conferencing tool.

6.4 GRADING PROCESS

At the end of all evaluation components based on the performance of the student, each student is awarded based on absolute/relative grading system. Relative grading is only applicable to a section of a course in which the number of registered students is greater

than or equal to 25. Choice of grading system is decided by the Course-Coordinator with due approval of Dean Academics and is specified in the course handout.

6.4.1 ABSOLUTE GRADING

The list of absolute grades and its connotation are given below:

Letter Grade	Grade Point	Percentage of marks
O	10	90 - 100
A ⁺	9	80 - 89
A	8	70 - 79
B ⁺	7	60 - 69
B	6	50 - 59
C	5	40 - 49
P (Passed with Grace)	4	36 - 39
F	0	0 - 35
Ab (Absent)	0	

6.4.2 RELATIVE GRADING

a. The following table lists the grades and its connotation for relative grading:

Letter Grade	Grade Point	Grade Calculation
O	10	total marks $\geq 90\%$ and total marks $\geq \mu + 1.75\sigma$
A ⁺	9	$\mu + 1.00\sigma \leq \text{total marks} < \mu + 1.75\sigma$
A	8	$\mu + 0.25\sigma \leq \text{total marks} < \mu + 1.00\sigma$
B ⁺	7	$\mu - 0.75\sigma \leq \text{total marks} < \mu + 0.25\sigma$
B	6	$\mu - 1.25\sigma \leq \text{total marks} < \mu - 0.75\sigma$
C	5	$\mu - 1.75\sigma \leq \text{total marks} < \mu - 1.25\sigma$
P	4	$\mu - 2.00\sigma \leq \text{total marks} < \mu - 1.75\sigma$
F	0	total marks ≤ 35 or total marks $< \mu - 2.00\sigma$
Ab	0	

μ is the mean mark of the class excluding the marks of those students who scored $\geq 90\%$ and $\leq 35\%$ after rounding the percentages to the next highest integer. σ is the standard deviation of the marks from the μ .

6.4.3 SGPA & CGPA

The SGPA is the ratio of sum of the product of the number of credits with the grade points scored by a student in all the courses and the sum of the number of credits of all the courses undergone by a student, in a semester.

$$SGPA(S_i) = \frac{\sum C_i \times G_i}{\sum C_i}$$

where ' C_i ' is the number of credits of the i^{th} course and ' G_i ' is the grade point scored by the student in the i^{th} course.

The CGPA is also calculated in the same manner taking into account all the courses undergone by a student over all the semesters of a program,

$$CGPA = \frac{\sum C_i \times S_i}{\sum C_i}$$

where ' S_i ' is the SGPA of the i^{th} semester and ' C_i ' is the total number of credits in that semester.

- a. The SGPA and CGPA shall be rounded off to 2 decimal points and reported in the transcripts.
- b. CGPA can be converted to percentage of marks: $10 \times CGPA - 7.5$
- c. A student get in less than 40% of overall score and 40% in the semester end examination will be considered to have earned "F" grade. Combined Theory and Lab courses the student should get independently 40% in both theory and lab components else treated as failed in both. A student who obtains 'F' grade has to reappear for all the components of Semester End examination.
- d. Audit/Certificate courses are graded as satisfactory or non-satisfactory only.
- e. At the end of each semester, the KLEF issues grade sheet indicating the SGPA and CGPA of the student. However, grade sheet will not be issued to the student if he/she has any outstanding dues.

6.4.4 ILLUSTRATION OF COMPUTATION OF SGPA AND CGPA

Computation of SGPA and CGPA

Illustration for SGPA

COURSE	CREDITS	GRADE LETTER	GRADE POINT	CREDIT POINT (Credit x Grade)
Course 1	3	A	8	3 X 8 = 24
Course 2	4	B+	7	4 X 7 = 28
Course 3	3	B	6	3 X 6 = 18
Course 4	3	O	10	3 X 10 = 30
Course 5	3	C	5	3 X 5 = 15
Course 6	4	B	6	4 X 6 = 24
	20			139

Thus, SGPA = $139/20 = 6.95$

Illustration for CGPA

SEMESTER 1	SEMESTER 2	SEMESTER 3	SEMESTER 4	SEMESTER 5	SEMESTER 6
Credit: 20	Credit: 22	Credit: 25	Credit: 26	Credit: 26	Credit: 25
SGPA:6.9	SGPA:7.8	SGPA:5.6	SGPA:6.0	SGPA:6.3	SGPA:8.0

Thus,

$$CGPA = \frac{(20 \times 6.9 + 22 \times 7.8 + 25 \times 5.6 + 26 \times 6.0 + 26 \times 6.3 + 25 \times 8.0)}{(20 + 22 + 25 + 26 + 26 + 25)}$$
$$= 6.73$$

6.5 BETTERMENT

A student may reappear for semester end examination for betterment only in the theory part of the course for improving the grade, subject to the condition that, the student has passed the course, his/her CGPA is ≤ 6.75 and the grade in the respective course to be equal to or lower than "C". In the case of reappearing, the better of the two grades is considered.

A Student can re-register in any course in any semester during the program for improvement of grade if the current grade in the course is equal to lower than B⁺ and with due approval from Dean Academics in accord of academic regulations.

A student cannot reappear for semester end examination in courses like Industrial Training, courses with their L-T-P-S Structure like 0-0-X-X, Project, Practice School and Term Paper.

A student is not eligible for award of B.Tech. degree with Honors, B.Tech. degree with distinction, in case s/he takes up the betterment option.
